

Prophecy Your Promise

VS

I found you in the middle of my mess
You had been there all along
Open arms and open heart you called me in
You didn't hesitate at all

And the lies i once believed.. they crumble.. with the weight of Your truth
and the fear that gripped my heart... is arrested ... So I can see You

CH

When I only see in part
I will prophecy Your promise
I believe You God

Cause You finish what you start
I will trust You in the process
I believe You God

VS

You set a table in the middle of my war
You knew the outcome of it all
When what I faced, looked like it would never end
You said watch the giants fall

And the lies i once believed.. they crumble.. with the weight of Your truth
and the fear that gripped my heart... is arrested ... So that I can see You

BR

Fear can go to hell, shame can go there too
I know who's I am, God I belong to you
